

Volunteer Opportunities

Child Care Volunteer

Individuals assist our child care staff with direct care for the children that stay at the Crisis Nursery. Child Care Volunteers will never be alone with the children as a Primary Child Care Provider will always be present. Child care volunteers are required to complete an application, submit to a background check, and participate in orientation and training before starting. Volunteers must be 21 years of age or older.

Seasonal Organizing

SMNCN often plans organizing days in order to switch out summer clothing to fall clothing or to organize donations. We also need our closets to be organized seasonally. If you like to organize, we would greatly appreciate you sharing your talents with us!

Cleaning

Help with cleaning the Ivy House! This task is very flexible, can be done at times that fit your schedule. We seem to always be needing extra help with the deep cleaning tasks.

Gardening/Yard Work/Maintenance

We'd love your help with all of these things! Very flexible scheduling!

Enrichment Activity

1-3 volunteers (maximum of 3) can conduct an enrichment activity for the children at the Crisis Nursery--arts and crafts, sports, games, sing along, story time, or a combination of activities. Volunteers must be 12 or older. Volunteers under age 16 must be accompanied by an adult age 21 or older.

Other Opportunities

Projects for larger groups and other individual volunteer opportunities, such as service days and administrative tasks, are available on occasion. For more information, please contact Evan at director@smncrisisnursery.org.
